## ST. LUKE'S HOSPITAL TRAINING SCHOOL FOR NURSES.

Probably no other profession presents so wide a field as does modern nursing. The term "nursing" originally embracing little but personal care of the sick, now includes an increasing number of public and social activities.

Nursing education prepares the student for many avenues of service. Among others, the executive and educational work of the Hospital nursing service, as director of the Training School, instructor, or supervisor in one of the various departments of the Hospital. Also the ever broadening Public Health Field, including School Nursing, Infant Welfare, Visiting Nursing, Town and Country Nursing, Tuberculosis Nursing, Industrial Nursing, and Hospital Social Service. A nurse is limited only by her own limitations, for as her ability, so is her opportunity.

The nursing profession, with its intimate contact with the sick, and its wonderful opportunity for service to humanity, calls for special qualifications in its students. They should be women who are strong mentally, morally, and physically—cultured, sympathetic and tactful, possessing strength that springs from knowledge, and the magnanimity that springs from strength.

ST. LUKE'S HOSPITAL, which was established in 1864, because of its age and the high standard of service, is one of the best known hospitals in the country.

The site of the original building, which is still in use, was on Indiana Avenue between Fourteenth and Fifteenth Streets. To this has been added from time to time other buildings. In 1908 the splendidly equipped Smith Memorial Building was erected on Michigan Avenue.

St. Luke's is one of the few hospitals in Chicago which renders to the public the double service of a pri-

vate institution where the advantages of the most efficient and luxurious medical service may be enjoyed, and at the same time expert care dispensed free of charge to those unable to pay.

The capacity of the hospital, including the private pavilion, is about four hundred. Approximately ten thousand patients are treated annually by the following services:

Medical	Surgical
Gynecological	Obstetrical
Ophthalmological	Rhinological
Otological	Laryngological
Oral Surgical	Orthopedic
Dermatological	Neurological
Pediatric	

Such contagious cases as develop in the hospital are treated, thereby offering a limited experience in this class of nursing.

THE TRAINING SCHOOL FOR NURSES incorporated in 1885 is an integral part of the hospital, governed by the same Board of Trustees as direct the hospital proper.

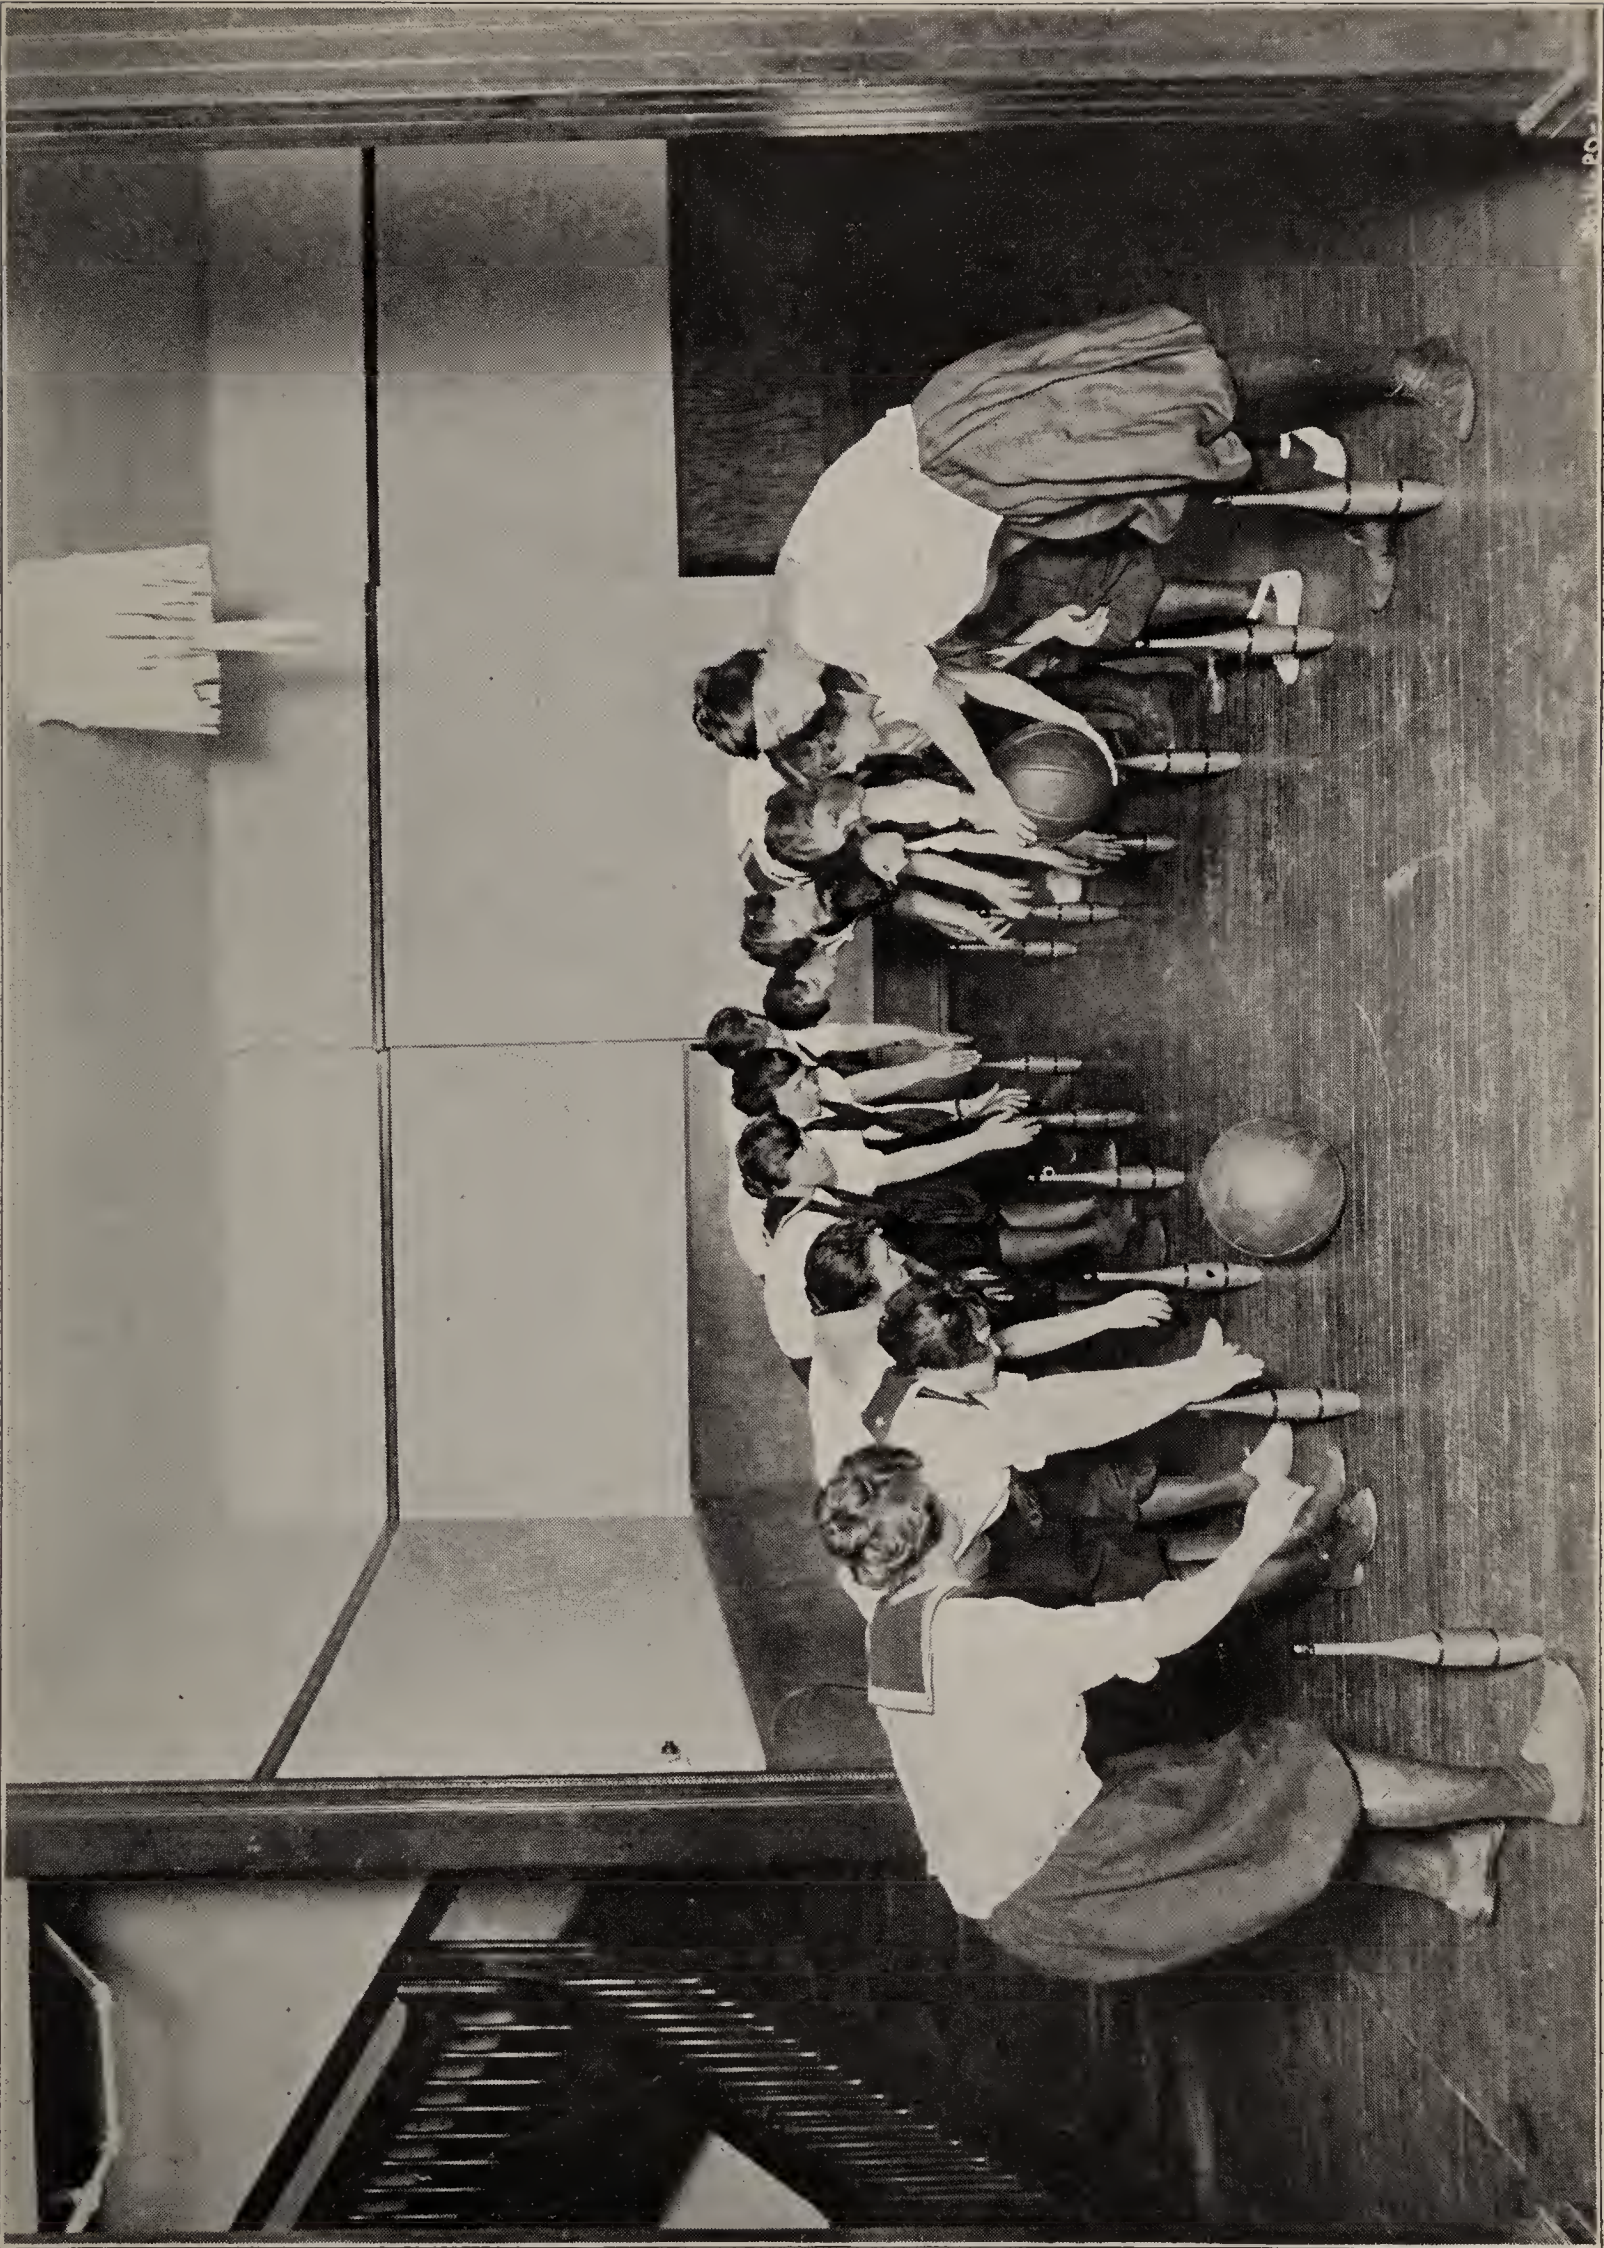

The School numbers 190 students, with a daily average of 60 graduate nurses on special duty in the private pavilion.

The regular course covers a period of three years, including three months vacation. It is divided into four periods, preparatory, junior, intermediate and senior.

The preparatory term is four months, during which time the student spends half of the day in theory, and half in practice. At the satisfactory completion of this period, she is given the uniform of the School.

After the expiration of twelve months, the student is entitled to wear the blue cross (the badge of the School) embroidered on her left sleeve; and after eighteen months her senior collars and cuffs.

GYMNASIUM

During the senior period students are given executive experience in the management of surgical and medical wards and floors, and in Obstetrics, Surgery, X-Ray, Social Service, Public Health (under the direction of the School of Civics), Occupational Therapy, Orthopedics, Eye, Ear, Nose and Throat—and Pediatrics. This is to a great extent elective, with a view to special preparation for whichever branch of the nursing profession the student chooses to enter.

The Senior Nurses' residence, Stickney House, provides individual sleeping rooms for most of the pupils and officers, reception rooms, and sitting rooms reserved for the use of the pupils, lecture and demonstration rooms equipped for teaching purposes, an excellent reference Library with the leading current magazines on file, and newer works of fiction,—the Walker Gymnasium where weekly classes in Physical Education and monthly parties are given—a Laundry and Pressing Room where nurses may care for perishable articles, which cannot be sent to the General Laundry. In as far as possible, every consideration has been given for the comfort and welfare of the student.

The Junior Nurses are provided for by the Saranac House. Both buildings are connected with the Hospital by corridors, thus affording the nurses an entrance on Michigan Blvd., within a few minutes walk of Grant Park, and the center of the business section of the city, fronting Lake Michigan.

*Admission: 1st 2 section class.*

Students are admitted in February and September. Candidates for admission must be between twenty and thirty-five years of age, in good general health, and must have a High School education, or its equivalent.

When making application, it is necessary to forward the following documents:

1. The application blank filled out in all its details.

2. Statement from Physician that applicant is in good health, free from organic defect, and has been vaccinated within the year.

3. Statement from Dentist that applicant's teeth are in good condition.

4. Testimonial as to character from Rector of Church attended by applicant.

5. Educational credentials.

6. Qualifying Certificate from Department of Education and Registration of the State of Illinois.

Where possible it is desirable that candidate make appointment with Director of the Training School for a personal interview.

#### *Schedule:*

The schedule of a day on hospital duty is planned on an eight hour basis, with the exception of Sunday and one day weekly, when the students are off duty half of the day.

#### *Religion:*

While St. Luke's Hospital is an Episcopalian institution, the question of creed never enters into its work, either as to patients or the selection of students in the Training School, but all students are required to attend daily morning prayer service in the Chapel, conducted by Resident Chaplain, Rev. Wm. D. Wright.

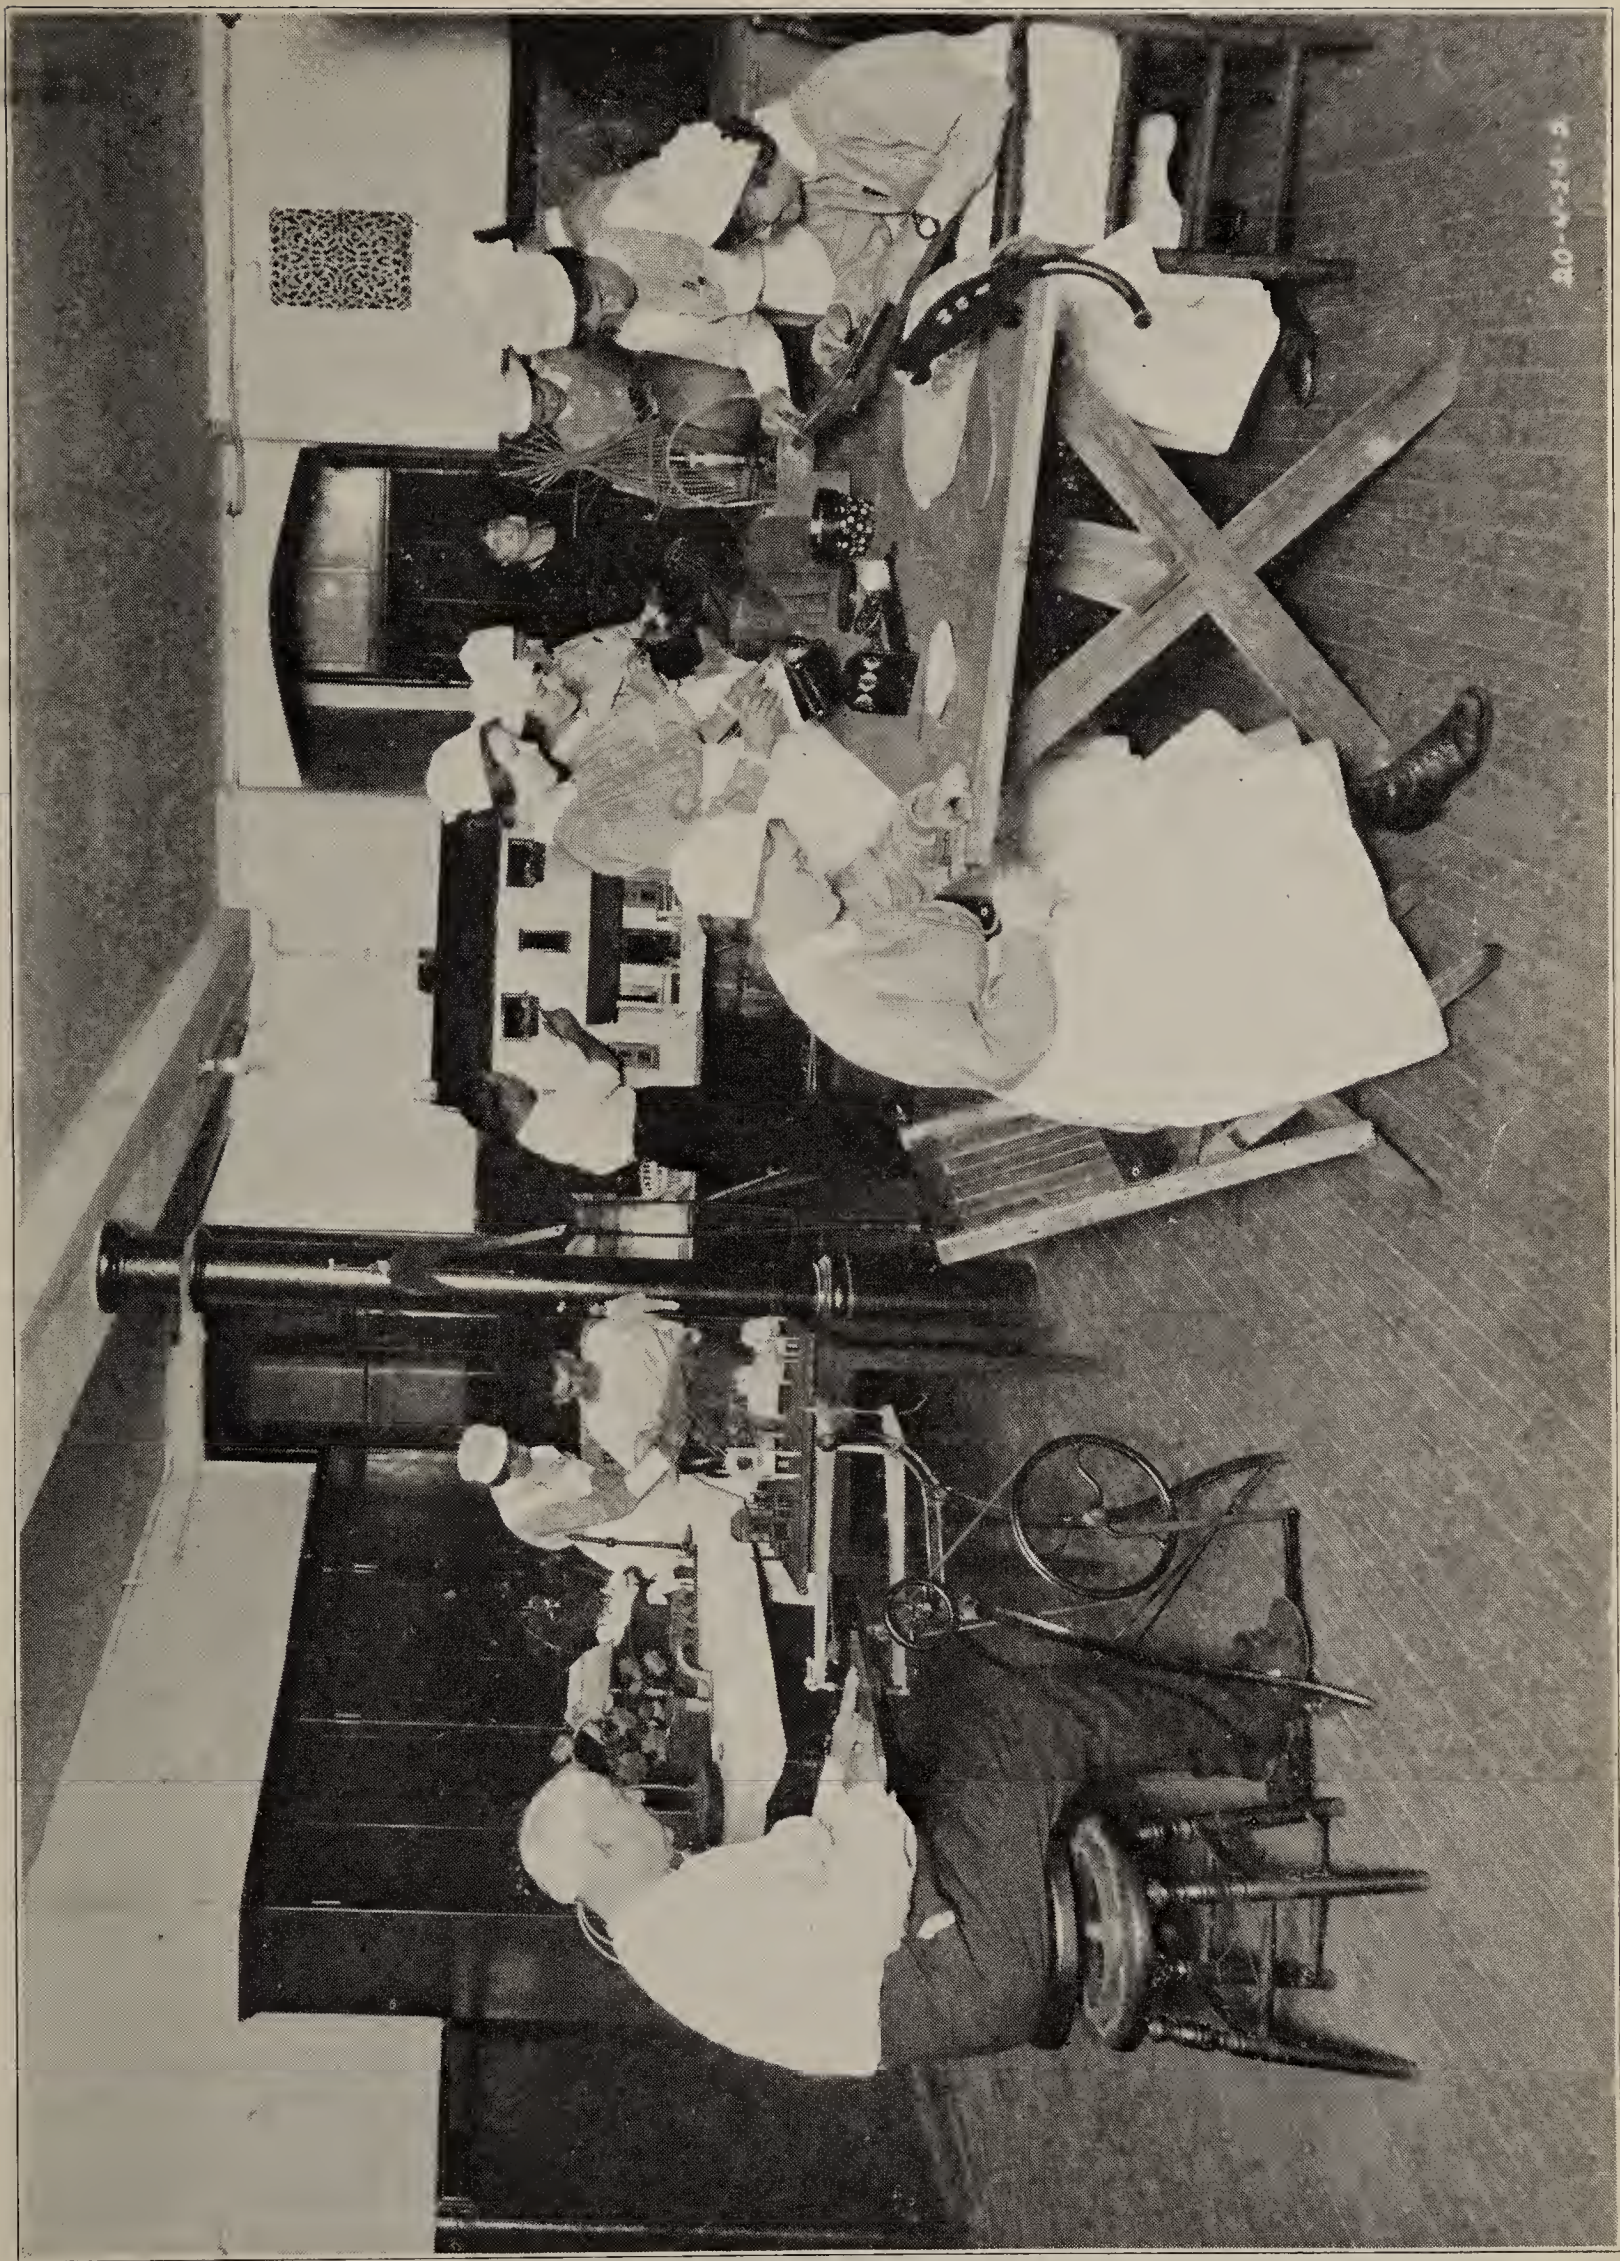

#### *Vacation:*

Students are allowed a yearly vacation of one month.

#### *Expenses:*

No charges are made for tuition. Students receive board, lodging and laundry from date of entrance, but are required to purchase their own text books,

OCCUPATIONAL THERAPY

caps and instruments. During the preparatory term, students provide their own uniforms and aprons, after which the school uniform is supplied. The material is made solely for St. Luke's Hospital Training School for Nurses, and cannot be purchased elsewhere. The necessary income for a nurse in training depends upon her own personal tastes and requirements.

*Illness:*

When ill, students are cared for by the Hospital, and treated professionally by a member of the Medical Staff. Any time which may be lost, other than vacations, must be made up at the end of the term.

*Graduation:*

The diploma of the School qualifies the student for State Examination as Registered Nurse, and is awarded to those who have satisfactorily completed their full term of training. Graduating exercises are held in the Episcopal Church, with reception and dance the following evening in the Nurse's Home. The annual Alumnae tea is given in the afternoon to welcome the members of the graduating class.

## **CURRICULUM.**

### **PREPARATORY COURSE.**

*Theoretical and Practical Nursing:* 80 Hrs.

A study of the fundamental principles of Nursing, demonstrations with the model Bedside Clinics.

Miss Edna Lowe, R. N.

*Ethics of Nursing:* 16 Hrs.

Lectures and discussions dealing with the relations of the hospital to the community; the attitude of the nurse toward social problems; the patient; and the physician, hospital etiquette, discipline; and nursing ideals.

Miss Edna Lowe, R. N.

*Anatomy and Physiology:* 32 Hrs.

A study of the structures and functions of the human body, with lectures following the completion of each subject in text.

Observation of post mortem examinations.

Miss Mary Ming, R. N.

*Bacteriology:* 16 Hrs.

A brief history of bacteriology. A study of microorganisms; methods and conditions of growth; sources and modes of infection, specific studies of pathogenic and non-pathogenic forms, and prophylaxis.

Demonstrations of types of sterilizers and methods of operating them.

Exhibition of animal parasites.

Miss Mary Ming, R. N.

*Materia Medica:* 32 Hrs.

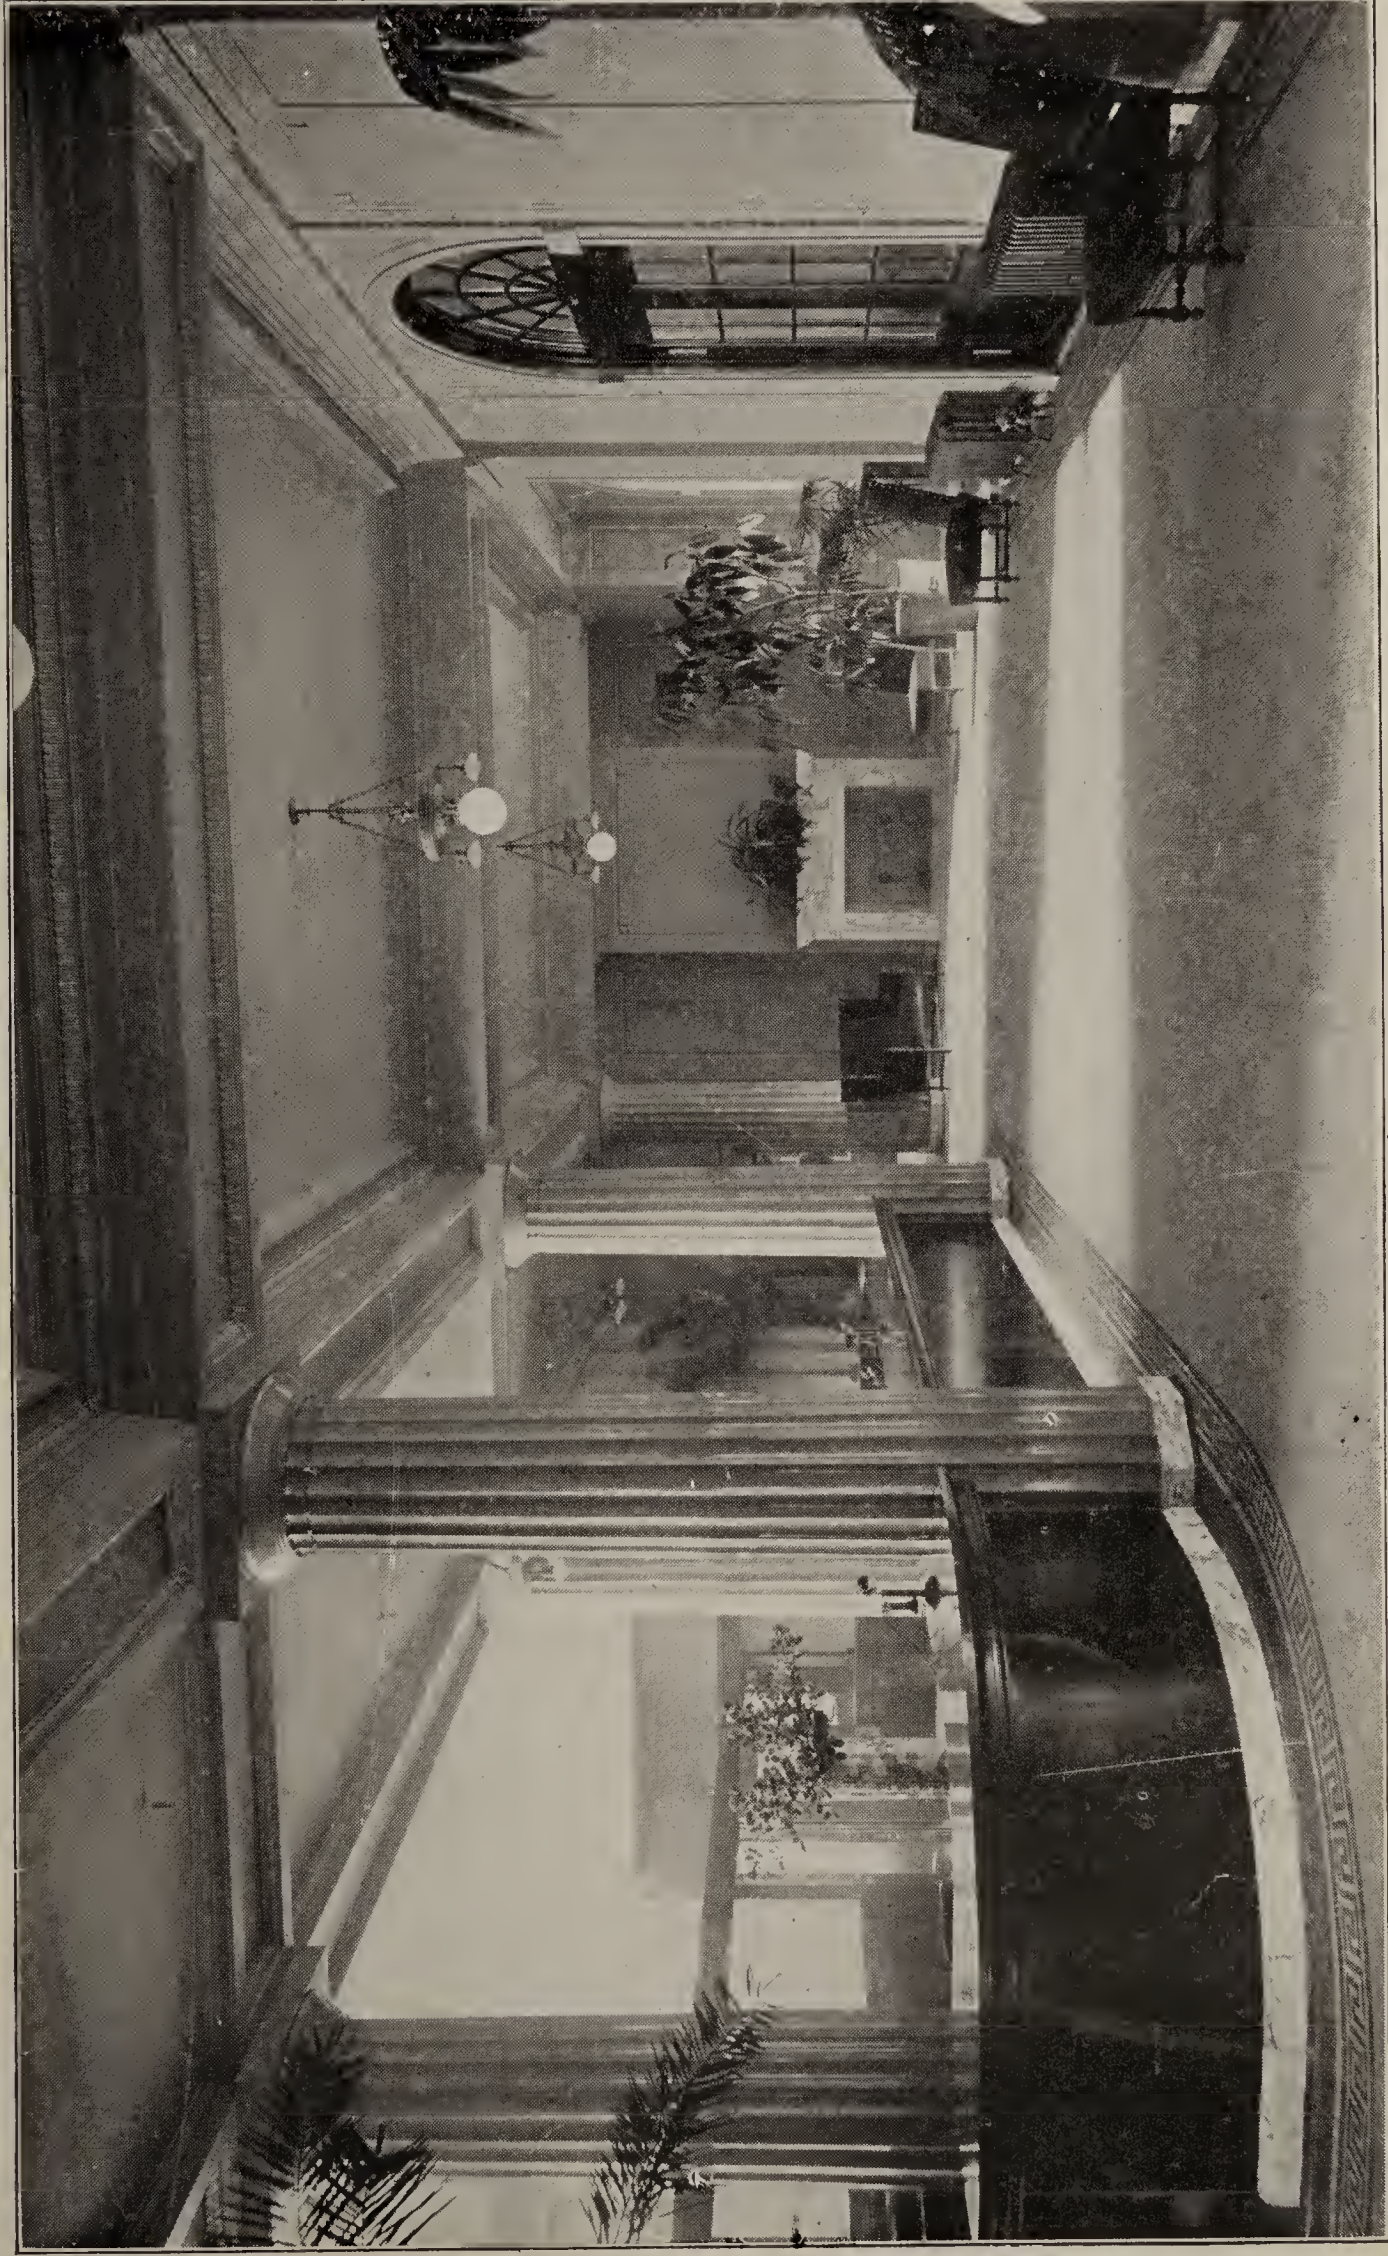

A study of drugs; their sources, therapeutic action; and administration.

Miss Mary Ming, R. N.

*Solutions:* 16 Hrs.

A course including weights and measures; abbreviations and symbols used in Materia Medica; calculating fractional doses; prescription reading and

ST. LUKE'S HOSPITAL, MAIN OFFICE, MICHIGAN AVE.

the preparation of the standard solutions. Laboratory demonstrations.

Miss Mary Ming, R. N.

Mr. Wm. H. Zabel, R. P. H.

*Bandaging:* 16 Hrs.

Demonstration and practice in the application of bandages.

Miss Edna Lowe, R. N.

*Hygiene and Sanitation:* 16 Hrs.

Modern hygienic methods and the prevention of disease.

Personal hygiene; public and domestic hygiene and sanitation.

Miss Mary Ming, R. N.

*Dietetics:* 16 Hrs.

A study of nutrition and the principles and methods of simple cookery.

Miss Mary Butler.

*History of Nursing:* 16 Hrs.

The evolution of nursing—its status in ancient times; the rise and development of modern nursing; and the standards and ideals of the nursing profession.

Miss Edna Lowe, R. N.

*Massage:* 8 Hrs.

A course of demonstrations and practice periods. Lectures regarding the therapeutic value of massage. ✓

Madame Beer.

*Occupational Therapy:* 16 Hrs.

Lectures in social aspects of disease. Lessons in

basketry, weaving, carpentry, painting, stencilling, embroidery, etc. Talks on the therapeutic value of occupational work during convalescence.

Miss Freda Decker.

*Ophthalmology:* 4 Hrs.

Demonstrations in the eversion of the eyelid; the irrigation of the eye; compresses and dressings; instilling drops, and applying ointment.

Miss Myrtle Jones, R. N.

*Lettering:* 4 Hrs.

Instructions in lettering for charting purposes.

Miss Edna Lowe, R. N.

*Special Work:*

Hydrotherapy—Study and care of apparatus and assisting the supervisor with treatments.

Ortheopedics—Making plaster bandages, learning the use of apparatus and assisting at clinics.

Surgical Supply Room—Method of cutting and folding surgical dressings—principles of sterilization.

### Junior.

*Anatomy and Physiology:* 32 Hrs.

Continued.

Miss Mary Ming, R. N.

*Materia Medica:* 32 Hrs.

Continued.

Miss Mary Ming, R. N.

*Essentials of Surgery:* 8 Hrs

Lectures on inflammation-luxation-wounds, fractures; diseases of the bone; hernia, and immobilization of fractures.

Dr. S. C. Plummer.

*Nursing Technique:* 32 Hrs.

Nursing procedures.

Miss Edna Lowe, R. N.

*Acute Infectious Diseases:* 10 Hrs.

Lectures on the exanthemata and acute febrile types of disease; how to recognize the early symptoms; complication, and terminations; nursing care, isolation, and prophylaxis.

Dr. Robert Morris.

*Gynecology:* 8 Hrs.

A review of the anatomy of the bony pelvis, and the organs it contains; a description of the diseases of the genito-urinary tract; the various forms of surgical treatment, and post-operative nursing care.

Dr. T. J. Watkins, Dr. L. B. Frankenthal.

*Advanced Bacteriology and Pathology:* 10 Hrs.

A history and biology of bacteria; a study of the more frequent of the pathogenic micro-organisms; their cultural and staining characteristics. Brief history of pathology, general features of disease, new growth, observation of symptoms and the importance of various methods of clinical diagnosis.

Dr. L. Williams.

*Chemistry:* 27 Hrs.

An elementary course in General Chemistry.

Lectures—9 Hrs.

Laboratory periods—18 Hrs.

Dr. L. Williams.

*Obstetrics:* 16 Hrs.

A review of the anatomy and physiology of the reproductive system. A study of the care of patients during pregnancy, labor and the puerperium. Care of the new-born.

Miss Louise Davenport, R. N.

*Advanced Obstetrics:* 10 Hrs.

Dr. Chas. Paddock.

*Essentials of Medicine:* 10 Hrs.

Study of Blood and Circulation.

Diseases of respiratory, gastro-intestinal and genito-urinary tracts, also ductless glands.

Dr. Geo. Coleman.

*Gymnasium:* 20 Hrs.

Setting up exercises.

Social dancing.

Miss Helen Armstrong.

*Nursing History:* 8 Hrs.

Miss Edna Lowe, R. N.

*Ethics:* 10 Hrs.

Miss Edna Lowe, R. N.

## Intermediate.

### *Anaesthesia:* 3 Hrs.

Physiology of Anaesthesia, methods of administration and resuscitation in accident or shock.

Dr. Myrtle Knowles.

### *Urinalysis:* 16 Hrs. ✓

Six lectures—ten laboratory periods.

Blood analysis, anatomy and physiology of the kidney, normal and abnormal constituents of urine.

Dr. L. Williams.

### *Oral Hygiene:* 4 Hrs.

Lantern views—minute and gross anatomy of the teeth.

Diseases of the mouth, teeth and jaws.

Care of the teeth in health and disease.

Dr. Arthur Black, Dr. H. A. Potts.

### *First Aid to the Injured:* 10 Hrs.

Lectures and demonstrations.

Final examination in this course entitles student to certificate issued by the American Red Cross.

Dr. H. W. Gentles.

### *Pediatrics:* 10 hrs.

Physical and mental development of the baby.

Diseases of the new-born and during infancy.

Causes and prevention of infant mortality.

Feeding—artificial, breast and mixed.

Dr. Joseph Brenneman, Dr. Stanley Gibson.

*Orthopedics:*

6 hrs.

Deformities of the bones, curvatures of the spine.  
Infantile paralysis, with corrective procedure.  
Exhibition of X-Ray plates.  
Dr. John L. Porter, Dr. H. B. Thomas, Dr. P. Lewin.

**Senior.**

*Diet in Health and Disease:*

10 Hrs.

Food values, relation to the body, digestion.  
Treatment in Fever, Diabetes, Pneumonia, Tuberculosis, etc.  
Dr. H. Gray, Dr. G. Coleman.

*Ear, Nose and Throat:*

4 Hrs.

Anatomy—Pathological conditions and treatment.  
Dr. Geo. P. Marquis, Dr. E. P. Norcross, Dr. B. Wilson.

*Dermatology:*

4 Hrs.

Anatomy, physiology and care of the skin.  
Dr. Wm. L. Baum, Dr. H. B. Frost.

*Nervous and Mental:*

6 Hrs.

Lectures on nervous and mental diseases.  
Nursing care.  
Dr. A. Church, Dr. G. P. Hall.

*Eye:*

3 Hrs.

Demonstrations of treatment of the eye.  
Study of diseases.  
Dr. F. Brawley, Miss M. Jones, R. N.

**Senior.**

*Child Surgery:* 3 Hrs.

Illustrated Lectures.

Operable diseases and deformities of childhood.

Post operative nursing care.

Dr. Coleman G. Buford.

*Gastro-Intestinal Tract:* 3 Hrs.

Lectures illustrated with X-Ray plates and lantern slides.

Exhibition and explanation of apparatus used in various treatments of pathological conditions of the gastro intestinal tract.

Dr. Milton Portis.

*Ethics:* 4 Hrs.

Consideration of the problems of the graduate nurse—her relation to her Alma Mater, and the community.

Miss Edna Lowe, R. N.

*Allied Nursing Subjects:*

Visiting Nurse's Association—Chicago. 1 Hr.

Miss Edna Foley, R. N., Director.

Chicago School of Civics and Philanthropy. 1 Hr.

Miss Elnora Thomson, Director Public Health Nursing Course.

School Nursing—Chicago. 1 Hr.

Mrs. Coch, R. N., Director.

Nursing Organizations of America. 1 Hr.

Miss Harriet Fulmer, R. N.

Director Town and County Nursing Service.

Infant Welfare Ass'n.—Chicago. 1 Hr.

Miss Sarah B. Place, R. N., Director.

Social Service. 1 Hr.

Miss Mabel Tompkuns, R. N.	
Occupational Therapy.	1 Hr.
Miss Frieda Decker.	
Vaccines—Antitoxins, etc.	1 Hr.
Lecture with lantern views, Mr. Smith.

“That is true cultivation which gives us sympathy with every form of human life, and enables us to work most successfully for its advancement.”

Henry Ward Beecher.

“Nursing is an art; and, if it is to be made an art, it requires as exclusive a devotion, as hard a preparation, as any painter’s or sculptor’s work; for what is the having to do with dead canvas or cold marble, compared with having to do with the living body—the temple of God’s spirit? It is one of the Fine Arts; I had almost said the finest of the Fine Arts.”

Florence Nightingale.
